TO THE PUBLIC.

THE COMPANION *is presented to the public without a comment. The English language furnishes an author with abundant epithets with which to dress his offspring, in ushering it into existence. It was never expected, that the* COMPANION *would astonish the world; it contains a simple detail of useful matter, known but not in the possession of all. Should it disappoint the expectation of its friends, the author promises to do better in the next publication He throws himself upon their indulgence*

It is due to those gentlemen who contributed so largely in procuring materials for the COMPANION, *to say, that their co-operation was yeilded with the greatest pleasure. The author is particularly indebted to Mr.* Abraham Bradley Lindsley, *of the General Post-Office, and recently appointed agent for that department in the state of Illinois, who politely furnished him with a manuscript of the Post-Offices, established subsequent to the 1st of January last. The Army and Navy Lists were obtained through the instrumentality of the same gentleman.*

An obligation has been contracted with Dr. Calvin Jones *of Raleigh, and Mr.* Archibald Moore, *of this place; to whose politeness the author is indebted for several of the routes to the western country, taken during their visits to that section of the United States.*

It is expected that no material change will take place in the arrival and departure of mails, &c. for three years at least. This expectation is indulged with the greater confidence, when it is recollected, that no alteration of any consequence has taken place for the last seven years If, however, one should occur, the public will be advised of it through the newspapers, when those interested can take an opportunity of noting it on the margin.

The remarks on Invoices, Discounts, Fisheries, Wines, Credits, and Copper Rods, are extracted from the Comptroller's Circular to Collectors, of a recent date.

If a moderate degree of success should attend this attempt, the COMPANION *will be continued every one or two years, with considerable improvement. It is proposed that the next publication shall embrace all the stages in the United States; so that a traveller can be informed, by reference to the* COMPANION, *whether a stage runs between any two given points. It is well known, that he is, at present, frequently at a loss upon this subject.*

FREE LETTERS.

Letters to and from Post-Masters, exceeding half an ounce in weight, will be rated with postage—the excess only subject to postage.

Letters to and from Members of Congress exceeding two ounces in weight, will also be rated with postage—the excess in this case only subject to postage.

INLAND POSTAGE TO EUROPE.

The Inland postage upon letters for Europe, or any place out of the United States, must be paid before the letters leave my office.

CAPTAINS OF STEAM-BOATS AND STAGE DRIVERS.

It is made the duty of every Master or Manager of any Steam boat Packet, or other vessel, on reaching any port where a Post-Office is established, to deliver within three hours after his arrival, if in the day, and within two hours after the next sunrise, if in the night, all letters brought by him, or in *his care*, or within his power, to the Post-Master; for every failure to do so, a penalty of 30 dollars is incurred. This law will be rigidly enforced. Stage drivers are not permitted to carry letters from one place to another, where Post offices are established.

—oooooo—

No deduction of postage will be allowed, unless the letters are opened in my presence, or in the presence of my assistants.

Newspaper postage paid one quarter in advance.

Box 25 cents per quarter in advance.

—oooooo—

MERCHANTS ACCOUNTS.

For the accommodation of the merchants of Petersburg, quarterly accounts are, and will be opened. At the expiration of each quarter, 5 per centum will be added to the amount of postages, which is considered sufficient to cover all losses that may accrue; the collections will be made from the 1st to the 4th days, succeeding the termination of the quarter; those who do not discharge their several debts within this period, will be regarded as delinquents, their accounts instantly stopt, and a civil process instituted. The necessity of this course will be apparent, when it is recollected that the Department issue their Drafts at or about this time. All accounts which do not exceed $5 per quarter, will be discontinued.

REMARKS.

Every 10 minutes start being an object of much importance, the public are informed, that if the Southern Stage should arrive at any

period between the hours of 7 and 9, P. M. the Northern Stage will be dispatched as soon thereafter as possible. I beg leave to call their attention particularly to this arrangement, as an apology (if an apology be necessary) for closing the Northern mail at so early an hour: If however, the Southern Stage do not make its appearance before 8, P. M. then the closing of the Northern mail will be suspended until 8, P. M. of course all letters casually dropt in after 7, will go off. To be still more explicit, at the hour of 7, P. M. the letters are taken from the letter Box, stamped and entered in the way bill; I am then prepared for the arrival of the Southern Stage—if it be before 8, P. M. the Northern mail is dispatched without examining the letter box a second time. If it be delayed until 8, at that hour then I perform a similar routine of stamping and marking, and all letters found in the letter box are mailed.

—⊙⊙⊙⊙⊙—

REQUEST TO MEMBERS OF CONGRESS.

My office is designated by the Post Master General as a distributing office for the State of North Carolina. All persons are respectfully requested to address their constituents one day in anticipation of the day on which the mails are to leave Petersburg.—A letter put into the Post office at Washington City on Monday at 1 o'clock, P. M. ought, if the mail be not impeded in its progress, to reach Petersburg on Tuesday, 11½, P. M. If this letter should not leave my office immediately, with the pending mail, it would seem to afford just cause of complaint against me, upon a superficial glance only, at the Table of arrangement. But it should be recollected, that all packages addressed to North Carolina State, are opened by me, and a separate and distinct mail made up, with a new bill for each respective office in the State, perhaps one or two hundred; all this is to be performed, in addition to distributing and assorting the Grand Northern Mail of Letters and Papers, other than those for North Carolina. In the interim between the arrival of the Northern, and the departure of the Southern Stage; if the Northern be delayed one hour, which is frequently the case during the session of Congress, it being in the winter season of the year, it is impossible to unmail and remail in time for the pending mail. It requires two hours at mid-night for the ordinary business of distributing; and when Congress meets, the mail is consequently considerably increased. In lieu then of depositing letters in the office at Washington on Monday, it would be well to do so on Sunday, and adopting this arrangement as to any other day in the week, on which the different mails leave my office. By this means, a kind of guarantee is afforded, that letters will arrive in any part of North Carolina on a given day.

OFFICE HOURS.

The office will be opened 30 minutes after sunrise every day in the week, Sundays excepted, and close at 8, P. M. On Sundays it will open at the same time, and will be kept open one hour and a half—in the evening open at 6, and close at 8, P. M.

THOMAS SHORE, P. M.

Post-Office, Petersburg, 1st April, 1819.

—ooooo—

☞ It was originally designed that the arrivals and departures of mails from Petersburg, should follow office hours, but owing to the delay in receiving returns from Richmond and Alexandria, this object is defeated. It will be found immediately preceding the general table of Post Offices.

SEA POSTAGE IN ENGLAND.

The Editors of the New-York Gazette, having received the following letter from a friend in Liverpool, feel gratified in having it in their power to benefit those who are constantly writing to their correspondents in England.

LIVERPOOL, 14th JANUARY, 1819.

Messrs Lang, Turner & Co. New-York,

Gentlemen—Knowing your anxiety to do all in your power to promote the interests of your commercial friends, I take leave to suggest the propriety of your making public for their information, the fact that by our Post office laws, "Owners or consignees of goods arriving in vessels from foreign parts, are entitled to receive their letters free of sea postage, provided they do not in the whole exceed six ounces in weight, and that the persons to whom they are addressed be described as owners or consignees in the address or superscription"—as follows.

Messrs. Cropper, Benson & Co.
Consignees of goods per Pacific,
Liverpool.

But if letters are addressed as under—

Messrs. Cropper, Benson & Co.
Liverpool.
Consignees per Pacific.

The postage will not be allowed.

As letters are more frequently directed the latter way, and are consequently charged with the postage, you will be doing a general service, not only to publish this yourselves, but to request your brother editors throughout the union to give it all the publicity possible.

LIVERPOOL PACKETS.

In order to furnish more certain conveyance for Goods and Passengers, between New-York and Liverpool, the owners of American ships AMITY, ALBION, COURIER, and JAMES MONROE, have undertaken to establish, between the two ports, a regular succession of vessels, to sail from New-York on the 10th, and from Liverpool on the 1st of every month, throughout the year.

These ships were all recently built in New-York of the best materials, and are coppered and copper fastened: they are very fast sailers, and their accommodations for Passengers are uncommonly extensive and commodious: their commanders are men of great experience and activity, and goods shipped in them are insured at the lowest rates.

The price of passage to England in the Cabin is now fixed at forty guineas; for which sum passengers are provided with beds and bedding, wine, and stores of every description.

These several recommendations, and the dependence which may be placed upon the periods of their departure, afford, it is thought, to these conveyances, advantages of considerable importance, both to passengers, and to the shippers of goods. For further particulars, apply on board, to ISAAC WRIGHT & SON, or to FRANCIS THOMPSON.

—oooooo—

SHIP PASSENGERS.

An act regulating passenger ships and vessels, (passed 3d March, 1819.) 150 dollars forfeit for every passenger over and above two for every five tons, custom-house measurement, exclusive of the usual complement of seamen. If the number exceeds two for every five tons, by twenty, the vessel is forfeited. Sixty gallons of water, one hundred pounds of salted provisions, one gallon of vinegar, and one hundred pounds of wholesome ship bread, for every passenger to Europe; and in like proportion for shorter or longer voyages. If short allowance, the master and owner, severally, to pay three dollars a day to every passenger, &c. A list of passengers from a foreign port to be delivered to the Collector, who is to return copies to the Secretary of State, by whom statements are to be laid before Congress every session.

☞ For the 11 years preceding the war of 1812, (including the year 1808) the average annual export was 74,567 hhds. the average price in Liverpool for leaf 3½ a 7d. in London 4 a 7½d. per lb. For the four years since the war, the average annual export has been 57,037 hhds. and prices in England as well as other markets have been unsettled and extremely fluctuating; owing to the interruption occasioned by the war to the regular course of trade, a deranged state of the currency of Europe and this country, and other causes which time only will correct. The trade in these four years has consequently been hazardous.

By official returns from all the tobacco inspections in Virginia, it appears that there were delivered at the inspections in the year ending on the 30th Sept. 1817, - - - - - - - - - - - - 32,217 hhds.

And in the year ending on the 30th Sept. 1818, - 36,818

In the official *Expose* of the French empire, made Feb. 25, 1813, it is said—"Formerly it was not permitted to cultivate tobacco, except in particular places in a few provinces. At this time 30,000 acres of land are specially appropriated to the cultivation of tobacco, and produce 30,000,000 of pounds."

The value of this staple article with us, depends, at all times, upon the price it will command in the foreign markets to which we export it, and the charges incident to its transportation and sale. Of these *prices*, we are, in general, pretty correctly informed; but it is believed, that many persons very much deceive themselves in estimating their *nett value* to us. With those who engage in the tobacco trade, it is certainly very important to avoid such errors. Let us then endeavor to estimate, with all possible accuracy, the *nett value* to us of prices in London and Liverpool, being the two principal markets for tobacco in England, to which the principal exports of Virginia tobacco are made. Before we proceed in our estimates, we will, in order to shorten the process, settle some preliminaries

The *charges* upon tobacco which come within the scope of our estimates, may be classed under two heads; one charges *per hogshead*—and the other charges *per centum* upon the value or price obtained. The charges *per hogshead* may be considered as uniformly the same, whatever may be the price obtained. The nett proceeds of a hogshead of tobacco sold at *any* given price, being *ascertained* by a full and detailed statement, it is clearly perceived that the nett proceeds of the same hogshead sold at any *other* price, would only vary from the nett proceeds ascertained on the given price, by the *difference between the two prices re-*

duced by the amount of charges per centum on that difference of price. It will be perceived, by the detailed estimates which follow, that the *per centum* charges are in all 9 per cent in London, and 7 per cent. in Liverpool.

Nett proceeds in Richmond,	$112 74

☞ $ 112 74 is equal to $8 35 per hundred on 1350 lbs.

Suppose the price varied 1d per lb. in Liverpool? We ascertain the difference it makes in the nett proceeds, thus:

1,276 lbs. Tobacco, a 1d, is		1,276d.
Deduct per centum charge—7 per cent		89 1-3
	Sterling,	1,186 2-3
Exchange at par,		395 1-3
		1,582d. or $ 21 97

$21 97 for 1,350 lbs. *manifest weight*, is $ 1 63 per hundred.

It therefore appears, that as the price for Tobacco, is varied 1d. per lb. in Liverpool, it varies the nett value to us in Richmond, $1 63 per hundred.

From the preceding calculations, founded upon the *customary* charges and allowances, and which it is believed will be found entirely correct, a Table of Prices may be framed, shewing the nett value in Richmond, of any series of prices in London and Liverpool, taking the calculations upon 6d. per lb. for either place, as the basis upon which to raise or reduce the nett value, and as you raise or lower the price in London 1d, per lb. raise or lower the nett value in Richmond $1 52 per hundred, and so in proportion for a greater or less variation of price: observe the same rule for Liverpool prices, with this difference only, that a variation of 1d. per lb. in Liverpool, is equal to $1 63 in Richmond. We will only submit the following short

TABLE OF PRICES.

It is to be remarked upon the difference between London and Liverpool in the nett value of the same price, that there is generally a difference in price in favor of London about equal to the difference in charges

against it, and that consequently it requires in general better Tobacco to command any given price in Liverpool than in London. If this was not the case, the London markets would have been abandoned for the Liverpool market by shippers. London however, has from its local situation, advantages over Liverpool in the Tobacco trade sufficient to maintain this difference in the value of the article. The preceding estimates are made upon a hogshead weighing here 1350 lbs. which is also the average weight. It is evident however, that if we take a hogshead weighing more or less, the result would be proportionably varied also. Thus it may be shewn that if the hogshead weighs 100 lbs. more than this average weight, the nett proceeds of a sale of it at 6d. in London, would be 19 cents per hundred more than we have estimated the nett value of that price would be; and at 10d. it would be 23 cents more; and so for a greater or less variation in weight, according to price; which shews the importance of shippers being particularly attentive to weights. The estimate, however, upon the average weight is the fair and correct one and furnishes the proper guide.

The dealers in the article here, ought of course to reduce the nett value in Richmond, as given in the above Table of prices, by the amount of profit, they are fairly entitled to receive for the advance of their capital, say twelve months, and the trouble, expense and risk of their trade. What per centum ought, in prospective calculations, to be allowed upon capital embarked in this trade, is for the experienced in such business to say, and for those who engage in the trade to determine for themselves.

ALLOWANCES FOR DRAFT.

EXTRACT FROM COLLECTION LAW.

And be it further enacted, That the following allowances shall be made for the drafts and tare of the articles subject to duty, by weight, on the importation and exportation thereof, that is to say—For draft on any quantity of one hundred weight, or one hundred and twelve pounds, one pound—on any quantity above one and not exceeding two hundred weight, two pounds—on any quantity above two, and not exceeding three hundred weight, three pounds—on any quantity above three, and not exceeding ten hundred weight, four pounds—on any quantity above ten, and not exceeding eighteen hundred weight, seven pounds—on any quantity above eighteen hundred weight, nine pounds.

FOR TARE.

For tare on every whole chest of Bohea tea, seventy pounds; on every half chest, thirty six pounds; on every quarter chest, twenty pounds; on every chest of hyson or other green teas, the gross weight of which shall be seventy pounds, or upwards, twenty pounds; on every box of other tea, not less than fifty, or more than seventy pounds, gross, eighteen pounds; if eighty pounds gross, twenty pounds; and from eighty pounds gross and upwards, twenty two pounds; which tares shall include rope, canvas and other coverings; on all other boxes of tea, according to the invoice or actual weight thereof; on coffee in bags, two per cent; in bales three per cent; in casks twelve per cent; on sugar other than loaf sugar in casks, twelve per cent; in boxes, fifteen per cent; in bags or mats, five per cent; on cocoa in casks, ten per cent; in bags, one per cent; on pimento in casks, sixteen per cent; in bags, three per cent; on cheese in hampers or baskets, ten per cent; in boxes, twenty per cent; on candles, in boxes, eight per cent; on chocolate, in boxes, ten per cent; on cotton, in bales, two per cent; in seroons, six per cent; on glauber salts in casks, eight per cent; on indigo in barrels, twelve per cent; in other casks fifteen per cent; in seroons, ten per cent; in bags or mats, three per cent; on nails in casks, eight per cent; on pepper in casks, twelve per cent; in bales, five per cent; in bags, two per cent; sugar candy in boxes, ten per cent; segars in casks or boxes, eighteen per cent; soap in boxes, ten per cent; shot in casks, three per cent; twine in casks, twelve per cent; in bales, three per cent; on all other goods according to the invoice thereof, or actual weight—*Provided always*, That where the original invoices of any of the said articles are produced, at the time of making entry for such articles, and the tare or tares appear therein, it shall be lawful for the collector and naval officer, where there is one, if they see fit, with the consent of the importer or importers, consignee or consignees, to estimate the said tare or tares, according to such invoice, but if not determined at the time of entry, the tare or tares as above shall be granted and allowed.

ALLOWANCE FOR LEAKAGE AND BREAKAGE.

And be it further enacted, That there be an allowance of two per cent for leakage on the quantity which shall appear by the gauge to be contained in any cask of liquors, subject to duty by the gallon; and ten per cent. on all beer, ale and porter in bottles, and five per cent on all other liquors in bottles, to be deducted from the invoice quantity, in lieu of breakage, or it shall be lawful to compute the duties on the actual quantity to be ascertained by tale at the option of the importer, to be made at the time of entry.

IMPORTANT TO MERCHANTS.

INVOICES.

In the case of goods purchased by a partner residing abroad, for a commercial house in the United States, the invoices must be verified by such Partner before the Consul, residing at the place, or if no consul shall reside at the place, then before the consul resident in the country; the sense in which the word country is to be understood, is that England is one country, Ireland another, and Scotland, &c. another. In all cases where, by the municipal laws of the country, in which the Consuls exercise their functions, they are restrained from administering oaths, then and in that case, the verification must be made before some magistrate, duly authorised to administer oaths, but in the presence of the Consul, who must not only certify the official character of the officer, and that he was present, but that the person to whom the oath is administered is of respectable character, and who, according to the provisions of the law, ought to verify the said Invoices.

When goods subject to ad valorem duty, are imported without invoices properly verified, all the packages must be opened, and every article appraised, &c. and 50 per cent added to the appraised value.

*DISCOUNTS.**

No discounts will be allowed at the Custom House, unless the importers expressly state on oath or affirmation that they were actually and bona fide allowed to the owner or owners of the goods, in payment made for the same, before their shipment.

Wines may be transported coast wise from the public warehouses, in one district, to those in another district, without loss of debenture.

FISHERIES.

The rates of allowances to be granted to vessels qualified for carrying on the Bank and other Cod fisheries are changed; the form and regulations under pre-existing laws are still to be observed, with exception of vessels above 30 tons, which are entitled to $3 50 cts per ton, altho' they may have been employed only three and a half months at least in the preceding fishing season.

WINES.

According to the terms of the law, wines, or distilled spirits, to be entitled to drawback, must be deposited in such public, or other storehouses, as may be agreed upon between the importer and surveyor, and on making the deposit, a bond is to be given, *without surety*, for double the amount of duties on the wines, or distilled spirits, with condition for the payment of said duties, whether on wines or distilled spirits, *in twelve calendar months*, from the date of such bond.

To obtain a permit for the removal of wines or distilled spirits, it is required that the importer, or his assignee, shall previously give bond, *with one or more surety or sureties*, to the satisfaction of the collector, in double the amount of the duties upon the wines or spirits, in each case to be delivered, with condition for the payment of the duties, *at the same credits, to be computed from the date of the permit, as would have been allowed on bonds for the same articles if they had not been deposited under the provisions of that act:* "*Provided*, That the time to be allowed for the payment of the duties upon any wines or spirits so delivered, *or for any*

* This instruction to Collectors is suspended in its operation until after the 1st day of Sept. next, with the express understanding however, that in no case are discounts of any kind whatever to be allowed to an extent which would reduce the price of the goods below their true value, in their actual state of manufacture, at the place from which the same were imported.

part of such duties, shall not be such as to extend the credit *beyond the term of twelve calendar months, originally allowed*, upon depositing such wines and spirits."

It has been contended by some importers that, according to the preceding regulations they are entitled to the credits specified in the 6th section of the act, *from the date of permit*, granted for the removal of the wines or distilled spirits.

To exemplify the construction thus contended for, it will be supposed that distilled spirits imported from any other place than Europe and foreign places, or islands, situated on the eastern shores of America, north of the equator, or in its adjacent seas, bays and gulphs, are deposited in the public stores on the 1st of January, 1820, and a permit for their removal is obtained on the 1st of April following. By the construction in question, the bonds to be given, would be payable on the 1st of December 1820, and 1st of February, and 1st of October, 1821; whereas the *original bond* given at the time of the deposit of the spirits, would have been payable on the 1st of January 1821, consequently, the credit, for a part of the duties, would, by such construction, be extended *beyond the term of twelve calendar months, originally allowed*.

It is difficult to reconcile the inconsistency which seems to exist between that part of the 2d section, which says that bonds are to be given with sureties, *at the same credits, to be computed from the date of the permit, as would have been allowed on bonds for the same articles, if they had not been deposited under the provisions of the act*; and the restrictive clause in the proviso immediately following, which has been already quoted.

But taking that proviso in connection with other parts of the act, and particularly the 3d section thereof, in these words, "that if the duties on any wines or spirits deposited under the provisions of the act shall not have been paid, or secured to be paid, in the manner described in the foregoing section, *within the term of twelve calendar months, from the time of their importation*, it shall be the duty of the collector to cause so much of the wines or spirits, as may be necessary, to be sold, &c. retaining the sum necessary for the payment of the duties which have not been secured or paid," the inference appears to be irresistible, that it was the intention of the Legislature that, in no case of a deposit of wines or distilled spirits, should the terms of credit for the duties, or any part of the duties thereon, be extended beyond the twelve calendar month, *originally allowed*: and such has been the construction which has heretofore been given to the law by the Treasury Department.

It results that bonds given *with surety*, can be made payable *from the date of the permit*, only in the case of wines or distilled spirits imported from any foreign places or islands, situated on the eastern shores of America, north of the equator, &c. and application for their removal be made at any time within three months after their having been deposited; because in such case the bonds, *with surety*, may be made payable at 6 and 9

months, *from the date of the permit*, without extending the term of credit for any part of the duties, beyond the twelve calendar months, originally allowed.

But if on such importations, application for a permit be not made, until more than three months from the time of the deposit of the wines or distilled spirits shall have elapsed, the bonds cannot run the usual time of 6 and 9months, from the date of the permit, as in such case, such time would extend the terms of credit on a part of the duties, beyond the twelve calendar months originally allowed.

In all cases of importations of wines, or distilled spirits, from any other port or place, than a foreign place, or island situated on the eastern shores of America, north of the equator, &c. and a deposit takes place, if any time elapse after such deposit before the application for the permit for a removal be made, one, and sometimes more than one, of the bonds cannot run the usual time, as by such course the terms of credit for a part of the duties would also be extended beyond the twelve calendar months originally allowed.

Under those circumstances, the most favorable arrangement is to be made with the importers, which the nature of each case will admit of, keeping in view the general principle that, in no instance, are the terms of credit for any part of the duties on wines or distilled spirits, deposited, to be xtended beyond the twelve calendar months, *originally allowed*.

It will not escape notice that the effect of this construction will be to restrict the terms of credit, on the last instalment of the duties on *distilled spirits deposited*, which may be imported from any other place than Europe, and the foreign places or islands, situated on the eastern shore of America, north of the equator, &c. to twelve months—whereas, if no deposit had taken place, the terms of credit on such instalment, would, according to the 6th section of the act, have been eighteen months

With a full knowledge of that effect, it is not perceived that, from the whole context of the law, which forcibly manifests the intention of the Legislature to have been, to make such restriction, that any other construction, than that adopted by the department, can be supported.

CREDITS.

Some doubts having been expressed as to the terms of credit to which goods imported from the West Indies are now entitled, it is observed, that the West Indies are considered as being comprehended in the foreign places, or *islands*, situated on the eastern shore of America, north of the equator, and in its adjacent seas, bays and gulphs; and, therefore, goods imported from the West Indies, are entitled to a credit of six and nine months, with the exception of salt.

The terms of credit on *salt*, are fixed at nine months, by the act of 20th July, 1813, without regard to the place of importation.

It will be perceived that the 6th section of the act providing for the deposit of wines, &c. makes no provision for the terms of credit to be allowed on goods imported from *Europe*. The regulations in the 62d section of the collection law of 1799, in relation to the terms of credit on goods thus imported, are therefore, still to govern; as well with respect to the terms of credit to be allowed on wines and teas, imported from *any other place* than foreign places, or Islands situated on the eastern shores of America, north of the equator, &c.

It may be proper here to remark, that no part of the act providing for the deposit of wines, &c. being considered applicable to the districts on the northern and northwestern boundaries of the United States, the preceding observations, respecting that act, are not to be understood as being intended for the collectors of those districts, who are to be governed by the provisions of the 62d section of the collection law of 1799, in fixing the terms of credit for the duties on all goods imported into their districts, with the exception of salt, the terms of credit to be allowed on which article has already been stated.

COPPER RODS, BOLTS AND SPIKES.

By the existing laws, *copper rods, bolts, spikes or nails*, are liable to a duty of four cents per pound; and copper in pigs, bars or plates, suited to the sheething of ships, is exempted from duty.

What are sometimes termed round copper bars, and are generally used for the fastening of a vessel, are considered as coming under the classification of "copper rods, bolts, &c." and, therefore, liable to a duty of four cents per lb.

There is some ambiguity in that part of the act of the 27th of April, 1816, exempting from duty, "copper and brass in pigs, bars or plates, suited to the sheething of ships."

The only rational construction which can be given to the words, "suited to the sheething of ships," is, that they relate, exclusively, to copper in plates, or, in other words, sheets.

According to this view of the subject, copper in plates, suited to the sheething of ships, (what should be so considered, was defined in a circular from the Treasury Department of the 23d of January, 1818,) and copper and brass in pigs or bars, only, are to be exempted from duty, independent of old copper and brass, fit only to be re-manufactured.

It is understood, that, but few importations are made, of copper or brass, in pigs or bars.

The form in which these metals come in their crude state from the furnace, is called "pigs."

By the bars, here meant, is to be understood, a solid mass of copper

or brass, somewhat more refined than in a state of pigs, and hammered out in an oblong or other form, and not fit for use, until manufactured into some other shape or form.

Articles manufactured from copper, or of which copper is the material of chief value, are subject to an ad valorem duty of twenty-five per cent. by the act of the 20th April, 1818.

All other descriptions of copper, except those already particularly mentioned, are to be considered as a non-enumerated article, and liable to an ad valorem duty of fifteen per cent.

A few of the descriptions of copper, which are to be considered in the light of non-enumerated articles.

1. Copper bottoms, cut round, and copper bottoms raised at the edge.
2. Copper in plates of sheets, weighing more than thirty-four ounces per square foot, commonly called *Braziers copper.*

MANIFEST TO BE DEPOSITED.

It is made the duty of all masters of vessels, arriving from a foreign port bound to the following ports of delivery in the United States, to deliver a manifest, &c. and take an officer on board, viz. if bound to any district in Connecticut, through or by the way of Sandy Hook, shall, before they pass by the port of New York, and immediately after their arrival, deposit a manifest with the collector for the district of New York —if to Hudson, at New York also—If to Burlington, at Philadelphia—if to Nottingham, at Town Creek—if to Tappahannock, at Urbanna—if to the district of Petersburg and Richmond, at Hampton or Norfolk, and if to South Quay, at Edenton, under a penalty of $500.

FORM OF MANIFEST.

Report and Manifest of the cargo laden on board of the ——— whereof ——— is master, which cargo was taken on board at ——— burthen —— tons, built at ——— in the state of ——— and owned by ——— Merchants, at ——— as per register granted at ——— the — day of —— and bound for ———

Marks	Numbers inclusive	Packages and contents	By whom shipped	To whom consigned or if to order	Place of consignees residence	Port of destination

CONSULAR NOTICE,

To those who may be interested in the shipments of Tobacco, from the United States to England.

In the title of the manifest, should be inserted the number of hogsheads or packages on board, *in words at full*, where laden, name and surname of the master, name of the vessel, port where owned, her built, tonnage, whence from, whither bound, number of men navigated by, and that 3-4ths of them are American citizens.

Then should follow in distinct and separate columns, the mark, number, tare, and nett weight of each hogshead or package, with the names of the shippers and consignees.

The oath of the master to the truth of the manifest must be endorsed thereon, respecting the name of the vessel, where owned, where laden, the whole number of hogheads or packages taken on board, and declare that the mark, number and net weight of each hogshead or package are correct.

The oath is to be made before the British Consul, if any at the port or near it; if none, then before the chief officer or magistrate of the place, in which latter case, there must be furnished a certificate from some person duly authorised, stating that there was no British Consul at that time either at or near that port.

In two instances, the oaths to the manifests have not been admitted, because the words *qualified to* were used instead of *sworn to.*

The most exact adherence to the foregoing is particularly recommended by Mr. James Maury, United States consul at Liverpool.

FORM OF MANIFEST.

A Manifest of (here write the number of hhds. or packages in full,) hogheads of tobacco, (cotton, flour and staves, as the case may be,) laden on board the ship (here insert the name,) ——— whereof ——— is master, burthen per register (here write the number of tons,) owned in the port of ——— navigated by —— men, the master and 3-4ths are American citizens, and bound from ——— for ———

Marks	Nos.	Tare	Nett	By whom shipped	To whom consigned	Port of lading

OATH.—I ——— Master of the ship —— of —— do swear, that the foregoing manifest contains a just and true account of the numbers, tare and nett weight of each respective hogshead of tobacco, as the same was taken down by me (or master) before it was stowed away; and fu-

ther, that it contains a full and true account of all the tobacco (and other things) laden on board the ship ——— with the marks, numbers, tare and nett weight, being in all (here write the number of hhds. in full) —— hogsheads.

Sworn to before me,
(Colector of the Port if no British officer.)

COASTING TRADE.

IMPORMANT TO MASTERS OF VESSELS.

An Act passed the 2d March, 1819, divides the sea coast and navigable rivers into two great districts: the first to include all the districts on the sea coast and navigable rivers, between the eastern limits of the United States and southern limits of Georgia; the second to include all the districts on the sea coasts and navigable rivers between the river Perdido and the western limits of the United States. A vessel may trade from district to district in the same great district, or from a district in a state in one to a district in an adjoining state in another great district, without clearing out, provided her cargo does not amount to the following scale:

Distilled spirits in casks		exceeding	500 gallons
Wine	do.	do.	250 do.
Do.	in bottles	do.	100 dozen
Sugar in casks or boxes		do.	3000 lbs.
Tea in chests or boxes		do.	500 do.
Coffee in casks or bags		do.	1000 do.

Foreign merchandize in packages, as imported, exceeding in value $400, or merchandize consisting of such other foreign articles, whose aggregate value exceeds $800, if it should, then she clears out.

In going from a district in a state in one great district, to a district in a state other than an adjoining state in another great district, she must clear out with cargo or in ballast

In all cases, in going from one to another district, the master must have a manifest on board, signed by himself, to shew to an officer when he shall come on board.

CHANGE OF PAPERS.

Whenever any ship or vessel is sold, in whole or in part, the paper must immediately be changed—a licenee is only valid 12 months.

CHANGE OF MASTERS.

When any change of Masters of licensed, enrolled or registered vessels takes place, a report must be made immediately to the officers of the customs, who are bound to endorse such change on the papers.

CERTIFICATES.

Merchants are frequently subjected to inconvenience in many districts, from not having the certificates of wines, teas, &c. it is recommended that in all cases, in carrying wines, &c. out of one into any other district, that the masters furnish themselves with the proper certificates.

AN ACT CONCERNING NAVIGATION.

BE it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from and after the thirtieth of September next, the ports of the United States shall be and remain closed against every vessel owned wholly or in part by a subject or subjects of his Britannic Majesty, coming or arriving from any port or place in a colony or territory of his Britannic Majesty, that is or shall be, by the ordinary laws of navigation and trade, closed against vessels owned by citizens of the United ; and such vessel, that in the course of the voyage, shall have touched at, or cleared out from any port or place in a colony or territory of Great Britain, which shall or may be, by the ordinary laws of navigation and trade aforesaid, opened to vessels owned by citizens of the United States, shall, nevertheless, be deemed to have come from the port or place in the colony or territory of Great Britain, closed as aforesaid, against vessels owned by citizens of the United States, from which such vessel cleared out and sailed before touching at and clearing out from an intermediate and open port or place as aforesaid ; and every such vessel, so excluded from the ports of the United States, that shall enter or attempt to enter the same in violation of this act, shall, with her tackle, apparel, and furniture, together with the cargo on board such vessel, be forfeited to the United States.

Sect. 2. *And be it further enacted,* That from and after the aforesaid thirtieth of September next, the owner, consignee, or agent of every vessel, owned wholly or in part, by a subject or subjects of his Britannic Majesty, which shall have been duly entered in any port of the United States, and on board of which shall have been there laden for exportation any article or articles of the growth, produce, or manufacture of the United States, other than provisions and sea stores necessary for the

voyage, shall, before such vessel shall have been cleared outward at the custom house, give bond in a sum double the value of such articles, with one or more sureties, to the satisfaction of the collector, that the article or articles so laden on board such vessel for exportation, shall be landed in some port or place other than a port or place in a colony or territory of his Britannic Majesty, which by the ordinary laws of navigation and trade, is closed against vessels owned by citizens of the United States; and any such vessel that shall sail or attempt to sail from any part of the United States, without having complied with the provision aforesaid, by giving bond as aforesaid, shall, with her tackle, apparel, and furniture, together with the article or articles aforesaid, laden on board the same, as aforesaid, be forfeited to the United States: *Provided, always*, that nothing in this act contained shall be so deemed or construed, as to violate any provision of the convention to regulate commerce between the territories of the United States, and of his Britannic Majesty. Signed 3d July 1815.

PATENTS.

MODE OF APPLICATION.

"Every inventor, before he presents his petition to the secretary of state, signifying his desire of obtaining a patent, shall pay into the treasury of the United States thirty dollars, for which he will be furnished with duplicate receipts, one of which he shall deliver to the secretary of state, when he presents his petition; and the money thus paid shall be in full for the sundry services to be performed in the office of the secretary of state, consequent to such petition. This petition must be addressed to the secretary of state, and may be in the following or in a similar style:

To the Hon.——————————secretary of state of the United States.

The petition of A. B. of ————, in the county of—— ————, and state of ————, respectfully represents:

That your petitioner has invented a new and useful improvement ["or art, machine, manufacture or composition of matter, or any new and useful improvement in any art, machine, manufacture, or composition of matter"] in ———— not known or used before his invention, the advantages of which he is desirous of securing to himself and his legal representatives; he therefore prays that letters patent of the United States may be issued, granting unto your petitioner, his heirs, administrators, or assigns, the full and exclusive right of making, construc-

ting, using, and vending to others to be used, his said improvement, (art, invention, machine, manufacture or composition of matter, &c.) agreeably to the acts of congress in such case made and provided; your petitioner having paid thirty dollars into the treasury of the United States, and complied with the other provisions of the said acts

A. B.

The *specification* or description of the machine, art, discovery, or invention, must be given in clear and specific terms, designating it from all other inventions, and describing the whole in such a manner as to comprehend not only the form and construction, if a machine, but also the mode of using the same; and if it be only an improvement on a certain machine already invented by the applicant or any other, it ought to be so mentioned or described; and as this specification, description, or schedule, enters into, and forms part of the patent, it must be without any references to a model or drawing, and must be signed by the applicant or applicants, before two witnesses. It is material that this be in good language, and correctly written, as it is transcribed into the patent, and the original papers will be deposited in an office, that will hand them down to posterity; by which the honor of the country is concerned in this attention. The modest inventor will, no doubt, exclude those panegyrics on the excellence of his invention or discovery, which abounds sometimes in the productions of the inferior genius, but which ought not to enter into the patent.

The following, or a similar oath or affirmation, taken (before a judge of any of the courts, or a justice of the peace, or any person qualified to administer an oath) by the applicant or applicants, must be subjoined to the specification, if citizens of the United States;

FORM.

County of ——— } ss.
State of ——— }

On this —— of ——, 181 , before the subscriber, a justice of the peace, in and for the said county, personally appeared the aforesaid A. B., and made solemn oath (or affirmation) according to law, that he verily believes himself to be the true and original inventor or discoverer of the art, [here mention the same title as in the petition] above specified and described, for ——— (mention here the object or intention) ——, and that he is a citizen of the United States.

* * * * * * * *, Just. Peace.

If not a citizen (or citizens) the following addition must be made to

the declaration, " that he verily believes himself to be the true and original inventor or discoverer of that art, &c. *And that the same hath not, to the best of his or her knowledge, or belief, been known or used, either in this or any foreign country.*————————." " Also that he (or she) hath resided in the United States two years and upwards."

It is not neeessary that the time of residence should immediately precede the application.

If an inventor or discoverer should die intestate, before an application be made for a patent, his legal representatives may apply for the patent, in trust for the heirs at law ; otherwise in trust for the devisees.

The speeification must be accompanied by a good drawing, in perspective, of the whole machine or apparatus, " where the nature of the case admits of drawings, or with specimens of the ingredients, and of the composition of matter, sufficient in quantity for the purpose of experiment, where the composition is of matter." " And such inventor shall moreover, deliver a model of his machine, provided the secretary shall deem such model to be necessary." It is requisisite, in giving a drawing of the machine, to give also sectional drawings of the interior when the machine be complex ; and every drawing should be accompanied with explanatory references. If the machine is complex, a model will likewise be necessary, not only to explain and render it comprehensible to a common capacity, but also to prevent infringements of rights ; for many will plead ignorance of drawings, who cannot avoid conviction by wheels and pinions.

The drawings ought not to excede a quarto size, and if confined to octavo they would be still better, where it can be done conveniently and distinetly.

Many of the drawings in this office are executed in a very handsome style, and do mueh credit to the gentlemen whose names are ascertained. If the artists would always sign them, with their directions, information might be given to the applicants for patents, where to apply for drawings.

The paners must all he sent directed to the superintendent of the Patent Office, under cover to the seeretary of state, whieh course renders them free of postage ; but, if models be sent, their freight or carriage hither, must be paid, and, before packing them, the name or names of the inventor or inventors should be written thereon, with the name of the machine, and the date ; for sometimes, on recciving them, it is difficult know to whom they appertain.

The eongress being impressed with a high sense of the value of the inventions of our citizens, have purchased an elegant and extensive building, wherein preparations are made for the accommodation of a very numerous collection of machines illustrative of the ingenuity displayed ; and this Museum of the Arts, it is presumed, will stimulate ingenious

to send the models of their machines and inventions in a style that will rather honor than discredit themselves and our country.

Copy-rights of books, prints, charts, maps, &c. are secured "by depositing before publication, a printed-copy of the title of such map, chart, book, or books, in the clerk's office of the district court, where the author or proprietor shall reside, who will record the same; and the author or proprietor shall within two months from the date of the record, cause a copy of the said record to be published in one or more of the newspapers printed in the United States, for the space of four weeks. And within six months of publishing the map, chart, book, or books, the author or proprietor shall deliver, or cause to be delivered, to the secretary of state, a copy of the same;" and, when deposited and entered in the patent office, a certificate will be returned of its being received. This will secure the sole right of publication for fourteen years, to the author or proprietor, if a citizen of the United States, or resident therein. "And if, at the expiration of the term, the author or authors, or proprietors, or any of them, be living and a citizen or citizens of the United States, or residents therein, the same exclusive right shall be continued to him or them, his or their executors, administrators, or assigns, for the further term of fourteen years: provided, he or they shall cause the title thereof to be recorded and published in the above manner, within six months before the expiration of the first term of fourteen years aforesaid." In securing designs for paper haggings and ornaments for rooms, &c, a specimen of each should be deposited in the clerk's office where the inventor resides, who will describe, in writing, all the ornaments, and the colors used in each, so as to designate them, with the changes that are proposed to be used in changing the ground and general tint. Let each paper, thus described, be numbered, 1, 2, 3, &c. and after entering them in the clerk's office, and publishing them as directed, let a specimen of each be sent to the honorable the secretary of state, or through him to the person who directs the patent office, with corresponding descriptions and numbers; and a certificate of such a deposit will complete the requisitions of the law in securing the exclusive right to each original production of genius.

MARINE OFFICES.

Petersburg, Va.

The Petersburg Marine Insurance company was incorporated on the 21st January, 1818, and is now in a very flourishing condition, and promises to rival any institution of the kind in the country, for its capital—it is under the management of 15 directors, a President and Secretary. Although the Capital may amount to $450,000 in shares of $20 each, making 22,500 shares, yet the company was authorised to go into opera-

tion as soon as 5000 shares were subscribed for; 15,000 shares are now taken up, on each of which $5 has been paid, making the present real capital of the company $75,000, a sum amply sufficient at this time. As no losses of any consequence have accrued to the institution, no demand has been made upon the share holders, for any further portion of their subscription.

The directors are chosen by the Stock Holders on the 1st May in each year The following gentlemen were appointed 1st May last, viz:

William Prentis, President and Director,		$600

I had some idea of presenting to the public an abstract view of laws on insurance, with decisions, &c. but for the intricacy of the subject and the nice distinctions that are involved—I have declined it. When any difficulty occurs, the parties interested will always resort to professional men for advice.

INVALID PENSIONERS.

WAR DEPARTMENT,
PENSION OFFICE, MARCH 23, 1819.

An Act of Congress of the third of the present month, requires that an examination shall be had biennially of all Invalid Pensioners of the United States, except where the pension shall have been originally granted for a total disability, in consequence of the loss of a limb, or other cause which cannot either in whole or in part be removed—excepting also, those invalid pensioners of the revolution, who have, since the passage of the law of the 18th of March, 1818, availed themselves of the provisions of that act.

Notice is therefore given, that the subjoined blank form of a certificate for the examining physicians or surgeons, is hereby directed to be observed in all cases embraced by the law of the 3d instant.

The annexed table, showing the amount of pay for each grade of pensioners, according to the ratio of disability, will enable the examining physicians or surgeons to ascertain, by referring to the certificate of pension, the degree of disability for which the pension was originally granted.

Approved,

J. C. CALHOUN, *Secretary of war.*

We the subscribers, practising physicians (or surgeons, as the case may be) of the town (county or city) of ——— do hereby certify, that, after a careful examination in the case of ——— who is now on the Pension Roll of the State of ——— we are of opinion that his disability does (still, or not, as the case may be) continue. (Here describe it.)

And further, that the degree of disability under which he labors at present, is (one-half, one-third, as the case may be) being (here state the degree or insert the word *not*) less than the original degree of disability for which he was placed on the pension roll.

AN ACT REGULATING THE PAYMENTS TO INVALID PENSIONERS.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in all cases of application for the payment of pensions to invalids, under the several laws of Congress granting pensions to invalids, the affidavit of two surgeons or physicians, whose credibility as such shall be certified by the magistrate before whom the affidavit is made, stating the continuance of the disability for which the pension was originally granted, (describing it,) and the rate of such disability at the time of making the affidavit, shall accompany the application of the first payment which shall fall due after the fourth day of March next, & at the end of every two years thereafter; and if, in case of continued disability, it shall be stated at a rate below that for which the pension was originally granted, the applicant shall only be paid at the rate stated in the affidavit: *Provided*, That where the pension shall have been originally granted for a total disability, in consequence of the loss of a limb, or other cause which cannot either in whole or in part be removed, the above affidavit shall not be necessary to entitle the applicant to payment: *And provided also*, That this act shall not extend to the invalids of the revolution, who have been, or shall be, placed on the pension list, pursuant to an act of Congress, entitled "An act to provide for certain persons engaged in the land and naval service of the United States, in the revolutionary war," approved the eighteenth day of March, in the year of our Lord one thousand eight hundred and eighteen.

H. CLAY,
Speaker of the House of Representatives.
JAS. BARBOUR,
President of the Senate, pro tempore.

March 3, 1819—Approved.

JAMES MONROE.

A TABLE, shewing the amount of pay for each grade of pensioners, according to the ratio of disability.

NOTE.—The highest pension allowed is the half pay of a Lieutenant Colonel. All grades below that rank, and not included in the above table, receive allowances proportioned to their monthly pay.

NOTICE TO NAVY PENSIONERS.

Navy Department,
15th March, 1819.

For the renewal of pensions under the late act of Congress, entitled "An act for extending the term of half pay pensions to the widows and children of certain officers, seamen and marines who died in the public service," it is expected, that widows, claiming such renewal, will produce the deposition of some respectable person, proving their actual state of widowhood; and in cases of inter-marriage, of the existence of a child, or children, under the age of sixteen years.

EXTRACT FROM THE LAW ON PENSIONERS.

The second Section of the act, passed the 18th March, 1818.

"*And be it further enacted*, That to entitle any person to the provisions of this act, he shall make a declaration under oath or affirmation, before the district judge of the United States of the district, or before any judge or court of record, of the county, state, or territory, in which the applicant shall reside, setting forth, if he belonged to the army, the company, regiment and line, to which he belonged; the time he entered the service, and the time and manner of leaving the service; and in case he belonged to the Navy, a like declaration, setting forth the name of the vessel, and particular service in which he was employed, and the time and manner of leaving the service, and shall offer such other evidence as may be in his power; & on its appearing to the satisfaction of the said judge that the applicant served in the revolutionary war as aforesaid, against the common enemy, he shall certify and transmit the testimony in the case, and the proceedings had thereunto, to the Secretary of the Department of War, whose duty it shall be, if satisfied the applicant comes under the provisions of this act, to place such officer, musician, mariner, marine, or soldier on the pension list of the U. States, to be paid in the same manner as pensions to invalids, who have been placed on the pension list are now paid, and under such restrictions and regulations in all respects as are prescribed by law."

CONSULAR NOTICE.

PHILADELPHIA, JUNE 25, 1819.

Messrs. Bache & Norvell,

GENTLEMEN—I herewith hand you a translation of a Royal Decree, published in Portugal, relative to our commerce with that kingdom. I beg leave to recommend to the merchants of the United States shipping there, to accompany their invoice with the certificate required, as it will prevent their paying duty on the long price, or in other words, paying duty on the value of the articles, after freight, insurance, duty, &c. are charged. Wheat, rye, barley, oats, Indian corn, and flour made

from them, pay a specific duty; of course this decree does not apply to them.

J. PEMBERTON, HUTCHINSON,
Consul of the United States of America, for Portugal.

To His Excellency Viscount de Balsemoa, President of the Council of Trade.

Most Illustrious and Excellent Lord,

The King our Lord in conformity with the opinion of the council of trade of 10th February last, relative to the entry of merchandise of the United States of America, orders that six months from this date, no merchandise of the United States of America can be admitted for entry in any of the Custom Houses of Portugal, without the invoices being sworn to before the Portuguese consuls, resident in the ports of the United States of America; and their attestations shall declare that the prices charged in the invoices are the current market prices. The consuls shall not charge more than two dollars for each certificate. All merchandize not accompanied with such attestations, shall be subject to pay duty on the current market price of the port of entry. Your excellency will make this known to the council, that it may be executed.

God guard your excellency.

Palace of the Government, April 10, 1819.

JOAO ANTONIO SALTER DE MENDONCA,
Secretary of State for the Interior.

ST. LOUIS LAND AGENCY.

The following is an extract of a letter from Messrs. A. T. CRANE and ABRAHAM BECK, St Louis, who have established an office for the transaction of Land Agency and Commission business—it may be interesting to some of the subscribers to the Companion.

"St. Louis is situated on the Mississippi, 35 miles from the mouth of the Illinois; 15 miles from the mouth of the Missouri; about 50 miles from Kaskaskia, the present seat of government of the state of Illinois, and about 70 miles from the future capital of that state; only 18 miles from Edwardsville, the county town of Madison county, (Illinois,) where the conveyances of the Illinois Bounty Lands must be recorded. St. Louis contains about 5000 inhabitants, is the present capital of the Missouri territory, and is the commercial depot of that rich tract of country watered by those noble rivers, the Missouri, the Illinois, and the Upper Mississippi, and their thousand tributary streams. The communication to the Boon's Lick country, is continual and direct. The intercourse by steam-boats

between St. Louis and the towns on the Ohio and Mississippi, particularly New Orleans, is constant. St. Louis, from its local situation, and the immense advantages which it possesses, not only promises, but insures future greatness. An agency in the western country cannot, therefore, at any place, be so well located as at St. Louis. The number of travellers and strangers from every part of the U. S is immense, and most of them devote their time to the examination of the soil and the peculiar advantages which the west presents; most of these persons visit St. Louis; information is and will therefore be concentrated at this place — The subscribers are determined to withhold no exertions to collect every possible information respecting the western country, particularly concerning the quality, situation, and titles; and they calculate their office will prove a useful resort for the stranger, whether his object is curiosity, speculation or to provide a permanent residence for himself and his family."

Laws concerning recording Deeds and Taxes in Illinois and Missouri.

By the law of Illinois, all deeds or conveyances for lands in that state, must be recorded in the county, where the lands are situated, within twelve months after the execution of such deeds or conveyances. When executed without the state of Illinois, they must be acknowledged by the grantor, or proved by one or more of the subscribing witnesses, before a Judge of the Superior Court of the State, Mayor or other Chief Magistrate of the City, or before the Clerk of the county, or other court of the county where such deeds or conveyances are made and executed, and certified under the common or public seal of such city or county.

All lands in Illinois, are likewise divided into 3 classes, 1st, 2d and 3d qualities, which are respectively valued at 4, 3 and 2 dollars per acre. A tax of one half per centum is assessed upon the value of all lands. All non-residents claiming lands are obliged to enter the same on or before the 1st day of August in each year, and at the same time to present a list describing the quality and class of each tract, and the county in which it is situated, which list is to be verified by the affidavit of such non-resident or his AGENT; non-residents are obliged to pay the taxes imposed, on or before the first day of October in every year. All non-residents failing or neglecting to enter their lands as aforesaid, or to pay the taxes, become liable to the payment of treble taxes, and the sale of their lands; their lands in such case to be rated of the first class. The right of redemption remains for two years upon the payment of an additional 100 per centum. The collection of the taxes on the lands of non-residents for 1818, is postponed until the first of October next, and those who pay on or before that day the single tax for the year 1818 and previously, are exempt from paying the treble taxes formerly imposed by law, but

in case they fail, the collection of treble tax is enforced. Where the treble tax has already been paid on Military Bounty Lands, the amount of excess over single taxes will be allowed in the payment of subsequent taxes.

By the law of Missouri territory, all deeds or conveyances for lands in that territory, must be recorded in the county in which the lands are situated, within 3 months from the date of the deeds or conveyances.—When executed by non-residents, they must be acknowledged by the grantor, or proved by one of the subscribing witnesses before a court of record, and certified under the seal of such court, or before a Mayor, Chief Magistrate, or other officer of the city, town, or place, where the deed or conveyance is made or executed, and certified under the common or public seal of such city, town, or place, if there is one, if not, under the private seal of such Mayor, Chief Magistrate or other officer. A territorial tax is levied and collected in Missouri, of 60 cents for every 100 arpents, (an arpent is a little less than an acre.) All lands owned by non-residents must be listed with the auditor of public accounts before the first day of July in each year, and the purchasers of lands owned by non-residents, are bound to file a certified copy of the deeds or transfers. Taxes are collected after the 1st day of August in every year, and if not paid by the 1st of November, the lands are sold with a right of redemption for one year.

ARRANGEMENT OF MAILS, PETERSBURG. VA.

Mails for the following offices after the first of April, 1819, will arrive at, & depart from Petersburg, agreeably to the following table Touching the distances of each office from Petersburg, the public are referred to the table of Post Offices, in which the distances from Richmond & Raleigh are noticed. It is to be observed that the distances were furnished from the General P. Office .As to the days of arrivals of the Virginia Western mails which branch at Richmond, it will be perceived that all of them are not taken down accurately; they are generally correct. On Sunday, Wednesday, and Thursday, most of them reach my office. All North Carolina are correctly stated.
